

Brian loved working on his car and was determined to turn it into a show car.

Which he did!!!!!!!!!!!!

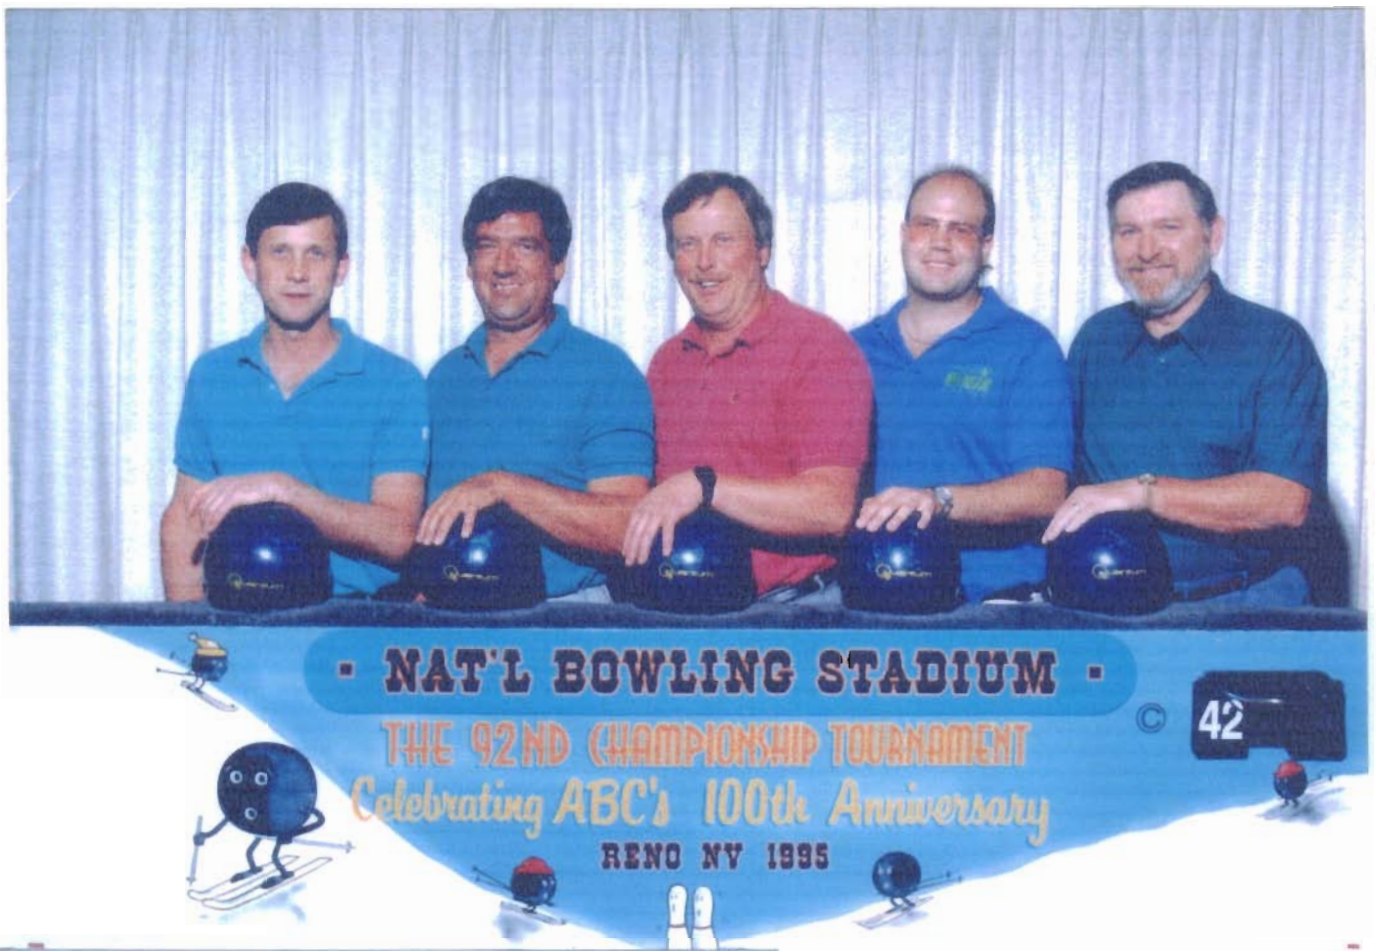

Brian's car was featured in many magazines

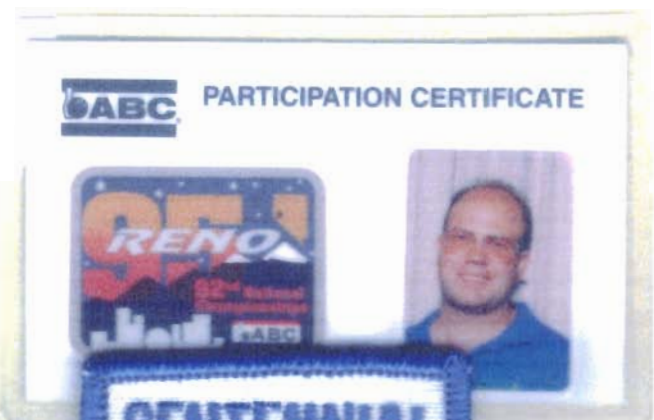

Brian's horoscope said that he would be a good bowler which proved to be accurate. His highest league game was 298.

This is the last picture taken of Brian. He was getting ready to fly to Reno for the Air Races.

"Team Seattle" to compete at Daytona for Children's Hospital fundraiser

Pictured (Lft. to Rt.) Don Kitch, Driver; Mary Jo Wertheimer, major sponsor; Chip Hanauer, Driver and Amy Hermes, Children's Hospital Special Events Coordinator with Porsche 911 race car.

Don Kitch dedicated the race to Brian. His name was put on the fender of the car.

A SALUTE TO MODIFIEDS
17th Annual Roundup
 BELLEVUE, WA JULY 18-20 1997

"From Mild to Wild" was the most fitting theme for a Roundup that I have ever seen. It was to honor and feature Modified Mustangs among us. But more than that, it was part of a yearlong tribute to the late Brian Miller. The sudden loss of Brian nearly devastated the club members in November of 1996, but what rallying took place for parents, Jerry and Penny Miller. It is a real tribute to love and tenacity to see the Millers at club events, month after month. We've learned not to say goodbye to Brian... see you around!
